NeverLand - Resume

About Me:

Hi there, I am NeverLand, a 13-year-old system administrator. I am curious about exploits, server and cyber security. I develop websites for myself, as projects, and do System Administrator work for some individuals or companies. I have knowledge of HTML, Python and Bash scripts.

Past Experiences, and current experiences:

- [Phantom Services LLC](#) – Currently working as a System Administrator.
- [MineRIP](#) – Currently working as a Platform Administrator and System Administrator.
- [AuxPvP](#) - Currently working as a System Administrator.
- [TerrorPvP](#) – Used to work as a Platform Administrator and System Administrator, as a part of Phantom.

Ways to contact me:
